SIVA 2-day Orientation Training

SIVA (Supporting Individuals Through Valued Attachments) is a Canadian-created safety management course for mental health professionals, residential care providers, educators and caregivers responsible for individuals with special needs who engage in unsafe behaviours. SIVA's holistic relationship-based model effectively utilizes collaboration, goal-direction, self-management and healthy empowerment to strengthen relationships and create safety. Thousands of professionals and caregivers have embraced the SIVA model as their training program of choice. SIVA has been described as "a refreshing alternative to crisis focused programs". SIVA is recognized by the Canadian Accreditation Council and agencies who have completed CARF (Commission on Accreditation of Rehabilitation Facilities) accreditation have received an exemplary designation for their use of the SIVA program.

During the 2-Day Training Course participants will receive guided instruction and hands-on experience in learning the hallmark philosophy, guiding principles and applied modules of the SIVA Program.

The following are the core modules of the SIVA Safety Management Program:

- Self-Care; identify and manage compassion fatigue through self-introspection and support systems
- Proactive Safety Management Evaluations
- Development of Collaborative WISE Plans
- Development of Communication Skills that are goal-directed and build upon Collaborative WISE Plans
- Emergency Safety Interventions for those situations that present an imminent risk of harm to self or others
- Post Interventions Management through environmental safety, debriefing and incident report writing
